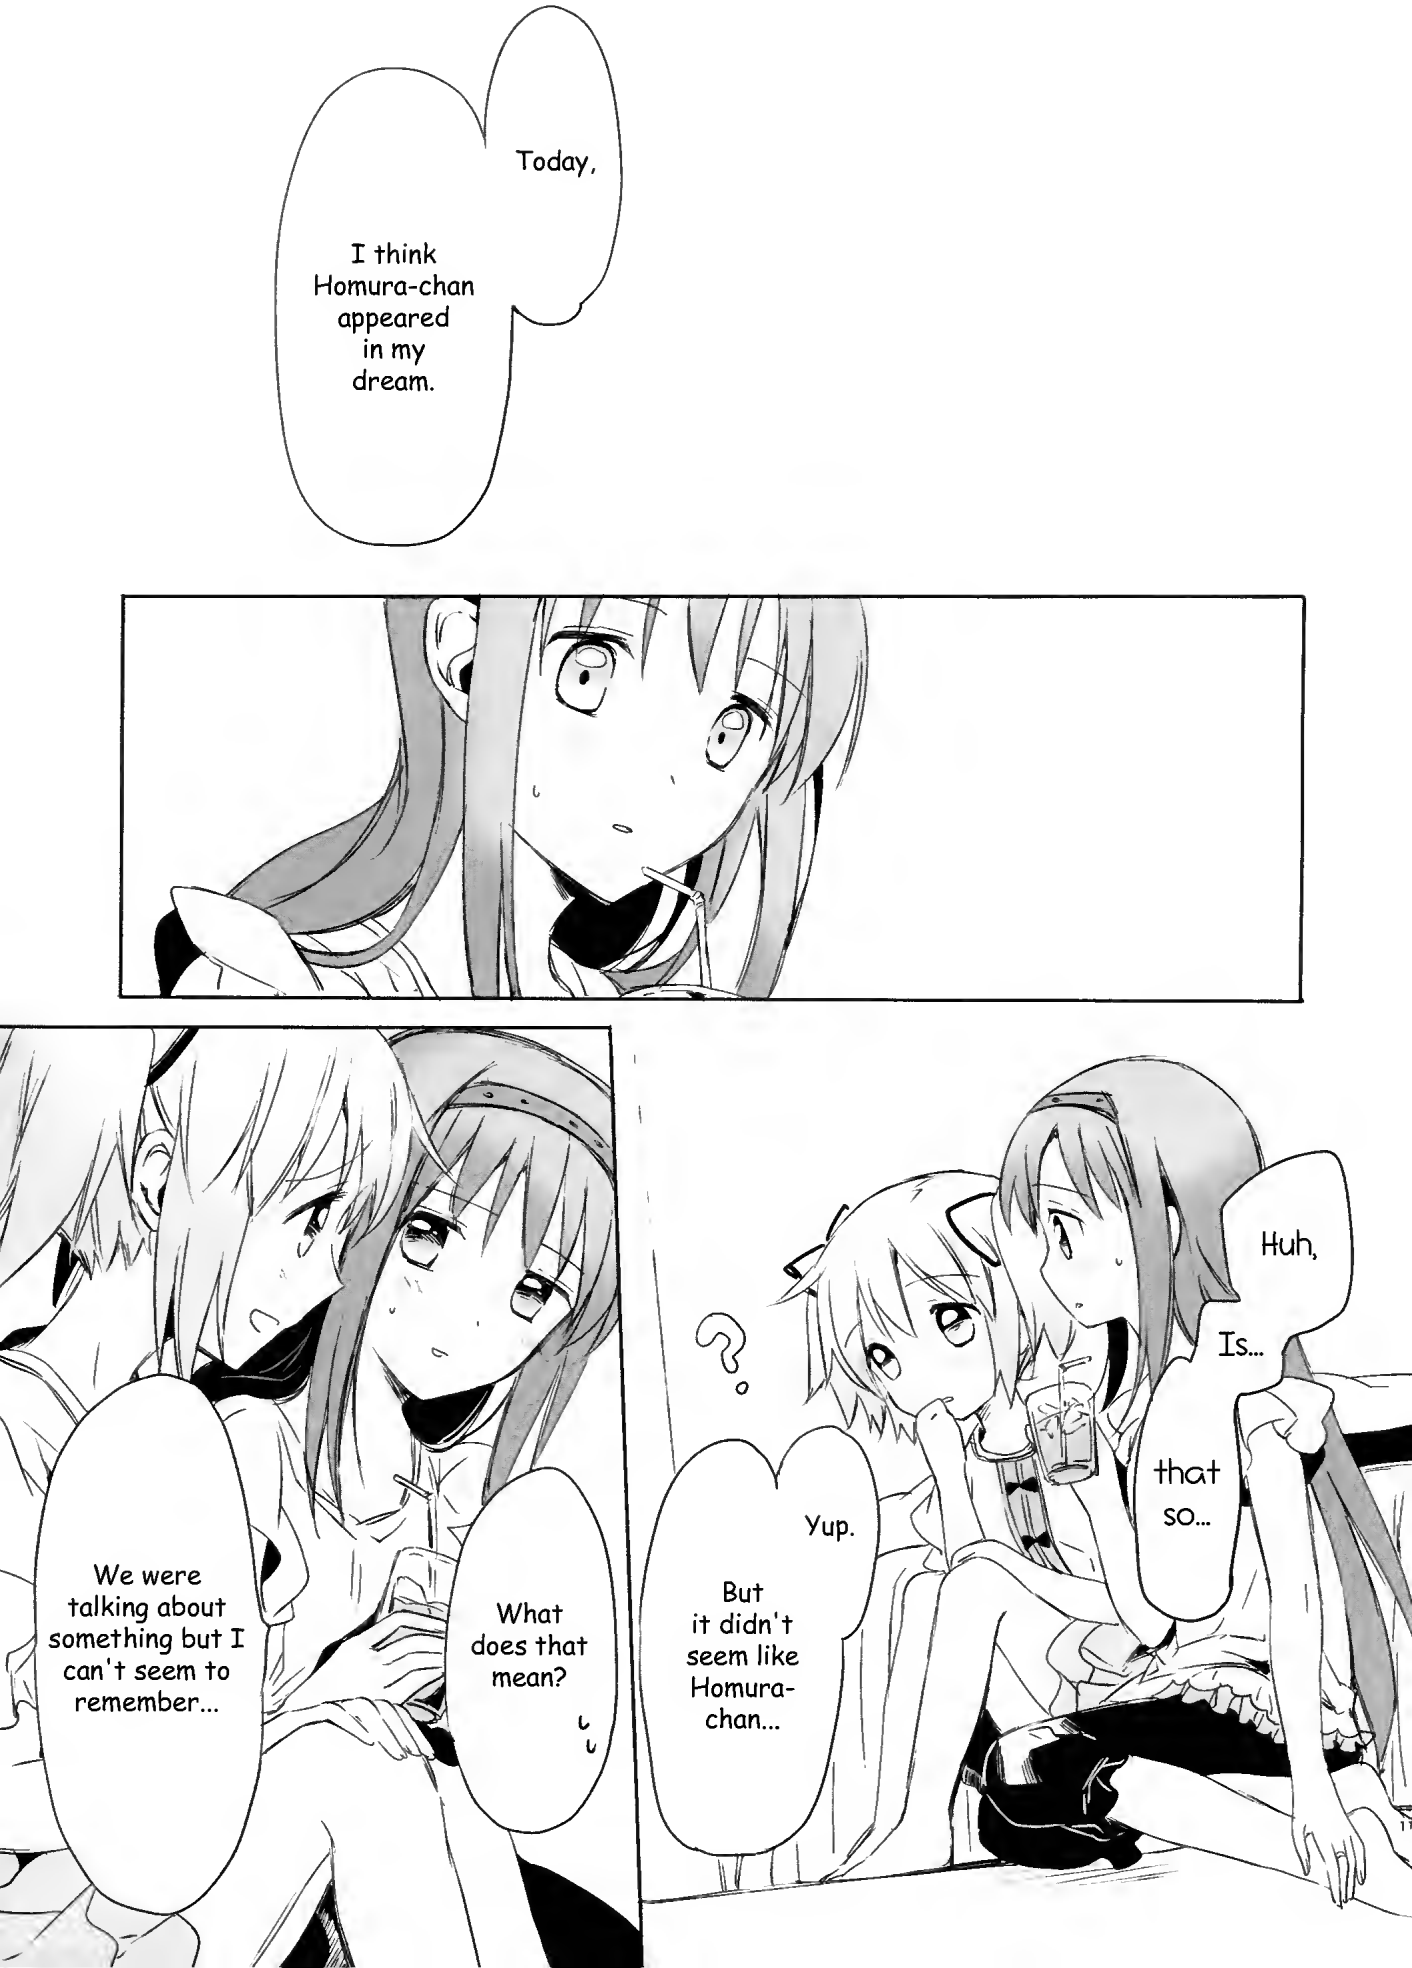
Homura-chan.
Are you okay?

Yeah ...
I'm, fine.
But... You look really tired.
We should just go back for today.
N-
No..!
Since we've already come this far, and we're almost there...
I can walk...
ふらっ
Homura-chan...!!

If you bring someone with a weak constitution outside in this heat,
Shouldn't you be able to guess what would happen?
You're wrong.
I'm sorry...
Kaname-san isn't at fault.
It's because I said I was fine.
...
Ah, Homura-chan.
Are you awake? How do you feel?
Mmm... Where,
Kaname-san's house...
Yes... That's right. I called Mama and had her pick us up.
...I'm sorry I couldn't notice.
It must have been hard on you in this heat.
Kaname-san didn't do anything wrong.
I should be the one apologizing.

Because of me...
Even though I was looking forward to going out together...
じわ…
I see...
I was looking forward to it too.
But as long as it's with Homura-chan, anywhere is fun.

So take it easy for today.
It's cool here so we can talk for a while... right?
Uehihi.
Don't say it's your fault.
Cheer up.
Homura-chan...
In exchange
for all of the kindness she shows me.
Someday, won't she get tired of it?
I was afraid of that.
I don't want to be a burden to Kaname-san.

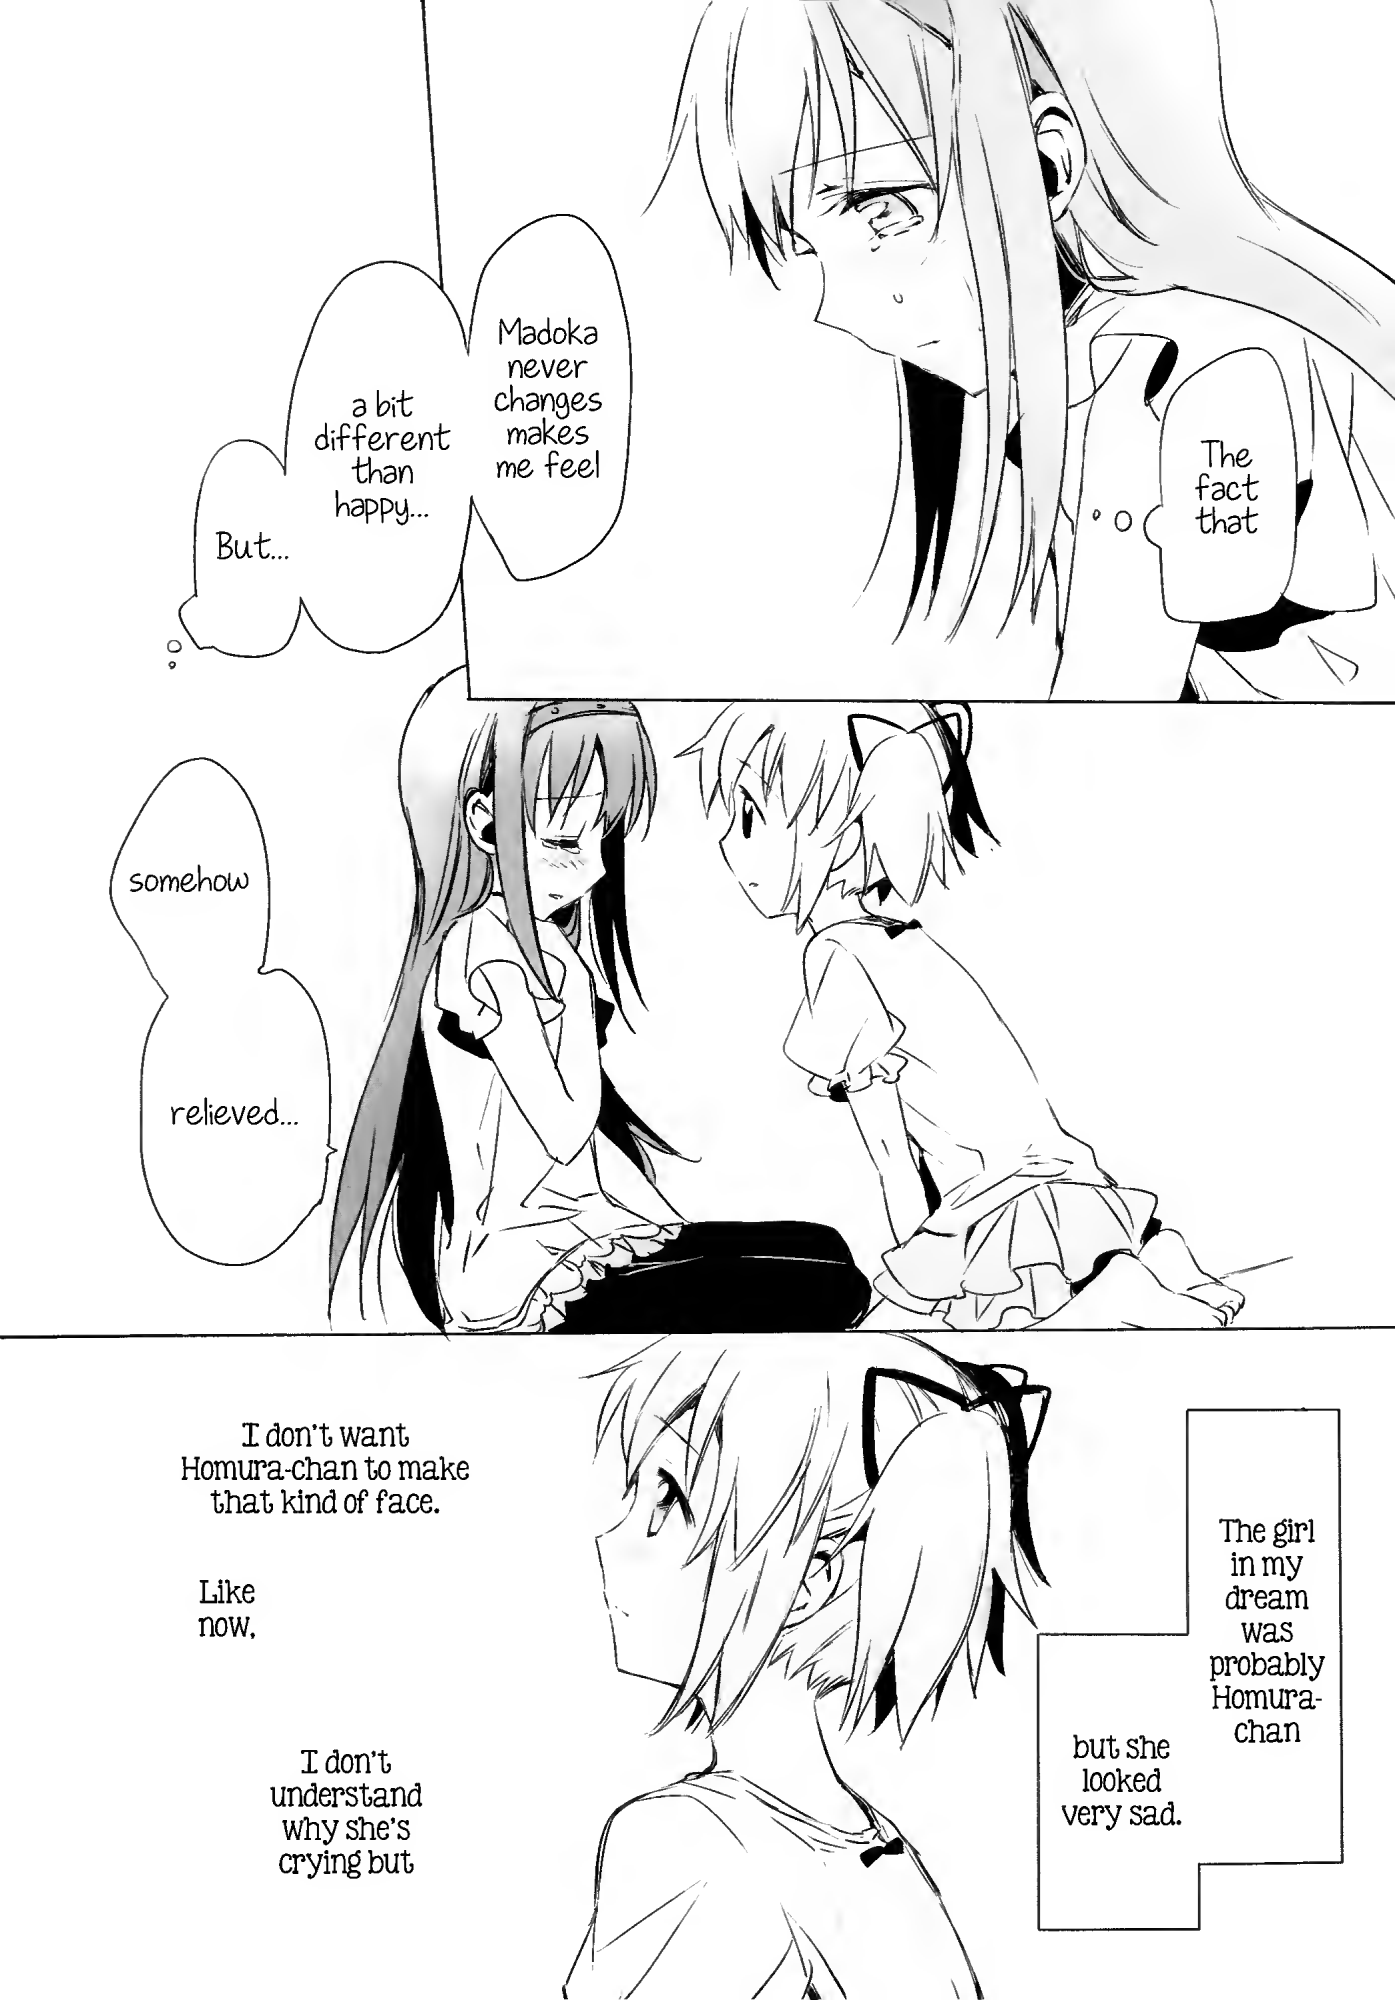


Today,
I think Homura-chan appeared in my dream.
Huh,
Is...
that so...
Yup.
But it didn't seem like Homura-chan...
What does that mean?
We were talking about something but I can't seem to remember...

I see...
But, a dream may just be that kind of thing.
Actually, I also saw a dream today.
From a time that isn't the past or reality anymore.
A memory from the beginning.
By the way Madoka, we said we would go out somewhere after finishing our summer homework but,
Did you find somewhere you want to go?
Well... I did think of some places but...
An amusement park!
Or aquarium!
A zoo!
The pool...?
They all seem like normal places.
Uh...
There were a lot of places I wanted to go to but when I had to choose one I couldn't come up with anything.

Eh heh!
うず…
But
As long as I'm with Homura-chan, I'll be happy with any-where.
Like how chatting at home
or just sticking together feels calming.

Just being by your side makes me happy.
Or something like that...
That was embarrassing to say...
turn...
Huh?
Homura-chan?
D-don't look.
Eh!?
Did I say something weird... I'm sorry!?
I did say something embarrassing!
I think!!
N... no...
That's not it.



The fact that
Madoka never changes makes me feel
a bit different than happy...
But...
somehow
relieved...
The girl in my dream was probably Homura-chan
but she looked very sad.
I don't want Homura-chan to make that kind of face.
Like now.
I don't understand why she's crying but

I'm sure
I know
how to stop
those tears.
Which is why
I think this kind of Homura-chan is very cute.
Ehehe
Homura-chan
You stopped crying...
Crybaby
Such a spoiled kid!
Huh...?
W-
Wait.
Madoka,
I love you.
...
Mhm
Me too...

end.
